WELCOME!

Welcome to Little Owl Farm – Explore & Tour, a new way to visit our farm.

We've been very busy during our closure period, making changes to ensure you and your household have a fun AND safe visit to us. We hope you like the changes we have made and that you enjoy exploring some new areas of the farm. Just remember these three things which will help us all stay safe together:

- Maintain at least 1 metre distance from other households
- Wash your hands throughout your visit (we have 9 hand washing stations!)
- Look out for our easy to follow information signs which you will see around the farm.

SOCIAL DISTANCING

Due to the COVID-19 outbreak, we have taken precautions and are now practicing social distancing at the park.

To keep our visitors safe, we have introduced a traffic light system. The icons on the map correspond with the colours below, please respect these rules!

HEALTH & SAFETY

Remember to wash your hands after you touch the animals or their pens and especially before eating or drinking, and after removing footwear.

It is your decision whether a child is allowed to touch or feed the animals. This especially needs to be considered for children who put things in their mouths or have a weak immune system.

To eliminate the risk of serious infection entirely, children should avoid contact with animals and their faeces.

It is primarily the parent or guardian's responsibility to supervise the washing of children's hands to help reduce the risk of infection. Hand washing facilities are sited on the exit of each animal barn and in the Top Fields.

ARE YOU PREGNANT, OR THINK YOU MAY BE?

Pregnant ladies should avoid contact with Ewes and newly born Lambs, Cows and newly born Calves as well as Nanny Goats and their Kids. Please pick up a leaflet from Reception for more information. Published by the Health Protection Agency, 'Avoiding infection on farm visits'.
