# HEALTH & SAFETY

Health & Safety has always been a key factor at Little Owl Farm Park, even before the Covid-19 pandemic. So here are some important things to remember whilst visiting the farm.

- Remember to wash your hands after you touch the animals or their pens and especially before eating or drinking, and after removing footwear.
- It is your decision whether a child is allowed to touch or feed the animals. This especially needs to be considered for children who put things in their mouths or have a weak immune system.
- To eliminate the risk of serious infection entirely, children should avoid contact with animals and their faeces.
- It is primarily the parent or guardian's responsibility to supervise the washing of children's hands to help reduce the risk of infection. Hand washing facilities are sited on the exit of each animal barn and in the Top Fields.

## ARE YOU PREGNANT, OR THINK YOU MAY BE?

Pregnant ladies should avoid contact with Ewes and newly born Lambs, Cows and newly born Calves as well as Nanny Goats and their Kids. Please pick up a leaflet from Reception for more information. Published by the Health Protection Agency, 'Avoiding infection on farm visits'.

## FIRST AID FACILITIES

First Aid Point

First aid facilities and trained staff can be found at Reception/Shop. You will find the First Aid Point marked on our park maps and on various signs throughout the park as shown above.

## IN CASE OF FIRE

Fire Assembly Point

In the event of a fire, raise the alarm and make your way to one of the Fire Assembly Points which are located at the gate by the Meerkat pen, and in the car park by the entrance driveway. You will find the Fire Assembly Points marked on our park maps and on various signs throughout the park as shown above.

## COVID-19

Although the majority of the Covid-19 restrictions have been lifted in England, we would like our visitors to know the safety and well being of both our visitors and team members is still of paramount importance to us. This is why we are maintaining a limit on our visitor capacities during peak times, continuing with regular cleans throughout the site and also encouraging visitors to wash their hands at one of our seven hand washing stations.

We understand that some visitors may still feel anxious about the risk of Covid-19. So we would like to request that our visitors keep this in mind when visiting the farm and when possible, to please maintain at least one metres distance from other households.
