HEALTH & SAFETY

Health & Safety has always been a key factor at Little Owl Farm Park. So here are some important things to remember whilst visiting the farm.

- Remember to wash your hands after you touch the animals or their pens and especially before eating or drinking, and after removing footwear.
- It is your decision whether a child is allowed to touch or feed the animals. This especially needs to be considered for children who put things in their mouths or have a weak immune system.
- To eliminate the risk of serious infection entirely, children should avoid contact with animals and their faeces.
- It is primarily the parent or guardian's responsibility to supervise the washing of children's hands to help reduce the risk of infection. Hand washing facilities are sited on the exit of each animal barn and in the Top Fields.

ARE YOU PREGNANT, OR THINK YOU MAY BE?

Pregnant ladies should avoid contact with Ewes and newly born Lambs, Cows and newly born Calves as well as Nanny Goats and their Kids. Please pick up a leaflet from Reception for more information. Published by the Health Protection Agency, 'Avoiding infection on farm visits'.
